Aitor Lozano

Software Engineer @ in-manas | Game Development & Mentorship:
EIR @ Exel Gaming Accelerator | Freelance Game Developer @
PlayMedusa | Lead Developer @ 30 Parallel | Lead Developer @
Relativity Studios

Spain

Summary

Game developer with a strong background in education, mentorship, and technical expertise.

- Over 14 years of experience in remote collaboration, successfully working with international teams on projects of varying scopes and complexities.
- Proven track record of delivering high-quality projects across mobile, PC, console, and VR platforms, with deep expertise in Unity3D and growing proficiency in Unreal Engine and Defold.
- Entrepreneur in Residence at Exel by Merak, where I provide technical guidance through workshops and team mentoring.
- Holder of a master's degree in Teacher Training for Secondary Education with a specialization in Technology.
- Passionate about empowering others through workshops, courses, and hands-on guidance in game programming, sharing knowledge to inspire and support the next generation of developers.

Experience

INNO-VERSE powered by in-manas

Software Engineer

October 2025 - Present (9 months)

Greater Las Palmas Metropolitan Area

Playmedusa - Diseño y desarrollo de videojuegos

Game Developer

June 2011 - Present (15 years 1 month)

At PlayMedusa, we not only develop our own games, but also provide services to external clients, ranging from full-scale game design and development to collaborative project support, where we integrate with existing teams and codebases to ensure successful project delivery.

Exel by Merak

Entrepreneur in Residence

March 2025 - October 2025 (8 months)

Riyadh, Saudi Arabia

Entrepreneur in Residence (EIR) at Exel Gaming Accelerator

- Provide mentorship and guidance to participant teams throughout the acceleration program.
- Advise on technical and production aspects of project development.
- Support the evaluation and progress tracking of projects.
- Contribute to the refinement of workflows and best practices within the program.

Aurita Games

Chief Executive Officer

January 2020 - October 2025 (5 years 10 months)

Universidad de Las Palmas de Gran Canaria

Teaching at the University of Las Palmas de Gran Canaria

October 2014 - June 2020 (5 years 9 months)

Las Palmas de Gran Canaria, Canary Islands, Spain

Delivered a year-long university expert course in game design and programming using Unity3D and C#. The curriculum included topics such as design patterns, multiplayer game development, game feel, and hands-on development workshops.

30 Parallel Games

Senior Developer

January 2018 - January 2020 (2 years 1 month)

Responsibilities

- Implemented real-time multiplayer using Photon, optimizing networking performance and player interactions.
- Developed and maintained a React + Hardhat website, including an admin dashboard and automated daemons for a blockchain-based marketplace.

Projects Published

· Terra Alia

A multiplayer language-learning RPG adventure accessible on Steam and Meta Quest, blending puzzle-solving with immersive virtual environments.

· Bitponies

A blockchain title built around collectible, breedable, and eventually raceable virtual horses, featuring unique gameplay mechanics connected to digital ownership.

Relativity Studios

Lead Developer

January 2017 - December 2017 (1 year)

Responsibilities

- Managed a remote team of five developers in Spain, ensuring smooth collaboration with the Los Angeles studio and on-time deliveries.
- Oversaw feature design and implementation in Unity3D, maintaining code quality and seamless gameplay integration.
- Conducted a final QA pass before launch to address any remaining issues and polish the overall experience.

Projects Published

· American Girl World (iOS, 2018)

While the team focused on core gameplay, I enhanced an internal narrative management tool, streamlining the creation and integration of interactive stories.

· Barbie™ You Can Be Anything (iOS)

Provided final content patches that introduced new gameplay elements, helping the title surpass 10 million downloads prior to its removal from app stores.

Education

Universidad de Las Palmas de Gran Canaria

Master's degree, Teacher Training for Secondary Education, Baccalaureate, and Vocational Training · (September 2024 - June 2025)

Universidad de Las Palmas de Gran Canaria

Bachelor of Computer Science · (2007 - 2013)
